

The Cabin

With a beautiful river view of the Current River, the cabin sits only 120 yards from the water's edge. The cabin features three bedrooms, a kitchen, living and dining area, deck, and bathroom with a toilet and tiled shower. Hardwood and tile flooring are throughout the cabin. Fishing cabin decor will surely inspire the fisherman or fisherwoman.

The Property

The cabin sits on nearly three acres of property surrounded on three sides by the Ozark National

Scenic Riverways. With over 250 feet of Current River frontage, you can fish from the riverbank, play on the gravel bar, launch your canoe, kayak, or inner tube, or simply relax by the fire pit as you listen to the soothing sounds of the river and watch the sun set. If you love the outdoors, this is the location for you.

The property is 1.6 miles downstream from the Dorman L. Steelman Lodge at Montauk State Park. Located slightly upstream from the Tan Vat Hole at the Tan Vat Access, the property provides easy access to the popular swimming hole.
