Cozy Log Cabin (Newly Remodeled)
Views Pikes Peak, Sange De Cristo Mountains & Slater Creek Valley
Great Cabin Escape or Rental Property

42.54 +/- Acres

Eagle's Perch offers a cozy (and newly remodeled) log cabin and a spectacular mix of high-energy mountain scenery! Enjoy the all new kitchen, kitchen appliances, bath, windows, doors and deck. From the minute you walk onto the property, this quaint rustic cabin combined with spectacular mountain views, a diverse topography of meadows, rock outcroppings and hidden valleys gives you a Rocky Mountain High! From the property's rock outcroppings, cabin windows, or private valleys, you will enjoy vistas as far as the eyes can see - to the south are the Sangre de Cristo Mountains framing the picturesque Slater Creek valley down below. To the east (about 15 miles as the Eagle flies) you will find 14,110 foot Pikes Peak framed against the horizon. Hiking the property is an outdoor adventure in itself with several valleys, rock formations and a mix of spruce, fir, pine timber and scattered aspens. An intermittent spring attracts area wildlife such as mule deer, turkey, bear and some occasional elk. This property would make an ideal mountain escape or rental property. And, the extra acreage provides room for expansion – you could build that dream home or additional cabins. Just minutes from the property, experience the many other area outdoor recreational activities such as fishing, rafting, boating, skiing, and horseback riding or check out the local historical (gold mining) sites, quaint mountain towns (small stakes gaming, melodramas, restaurants). Eagle's Perch has all the components for a perfect Colorado weekend cabin retreat or year round residence!
