

Northern Lights, Missoula County, Montana, 63.00 Acres

\$639,000

- Big Game, Fishing, Lake/Pond, Snow sports, Timberland, Wildlife Viewing

Northern Lights is an enclave of two parcels completely surrounded by US Forest Service lands. Around the turn of the century, the scenic Gordon Ranch near Holland Lake sold these two parcels of land off from the main ranch. At the end of a quiet mountain road, Homesite 1 offers 63 acres cornering into Forest Service lands with panoramic views of the Swan Mountains. The scenic and secluded fishing waters of the Swan River are a little more than a 400 foot hike into the Forest Service. The property is flat to rolling with a diverse mix of trees, plant life and wetland ponds. Elk, bear and trophy whitetail deer frequent the property as the habitat, feed and seclusion are perfect. The turn to two of the most scenic lakes in the valley - Holland Lake Road and Lindbergh Lake Road are within a few minutes from the property. Hiking in the Mission Mountain Wilderness and the Bob Marshall Wilderness Trailhead are very near as well. The property has building areas identified by the Montana Land Reliance from which you can choose a 3 acre building area to construct a residence, shop, and other associated outbuildings. Construction of ponds for livestock or wildlife is permitted as well as Bed and Breakfast/ short term rental. Broker owned.
